

### Rewind Conversion Kit #844821

This kit fits Vanguard™ engine models 294400, 294700, 303400, 303700, 304400, 350400, 350700, 351700, 380400, 380700, 381400, 381700, and 384400 built after date code 980714xx - equipped with rewind starters. Flywheel Conversion Kit #844818 or #844819 (sold separately) must be installed before installing this kit.

Only a qualified technician should install this kit. Contact an Authorized Briggs & Stratton Vanguard service dealer for assistance.

All parts in the kit must be installed to complete the conversion properly. The kit includes the following part numbers and quantities, which may be different from those listed in the original Illustrated Parts List for the engine. **Save this instruction sheet should any of these parts need replacement in the future.**

841729 - Rewind Starter (1)

690939 Rewind Starter(1)

841662 - Rotating Screen (1)

841441 - Rewind Starter Screw (1)

841794 - Starter Cup(1)

Refer to *Vanguard V-Twin OHV Repair Manual* (p/n 272144) for all procedures to disassemble and assemble the affected parts and for the proper torque values for all fasteners.
